

GROW YOUR RUBY MEETUP

AND EMPOWER
THE LOCAL COMMUNITY

Join Ruby Europe.

A shared home for Ruby Community in Europe.

WHO WE ARE?

Ruby Europe is a non-profit initiative built for the Ruby community across Europe.

We connect local meetups, organizers, and developers to help communities grow, share knowledge, and support one another – all while staying totally independent.

Our role is simple.

Bring people together, amplify what already works, and help Ruby thrive across Europe.

Ruby Europe exists to support local communities, not replace them.

THE TEAM.

Ruby Europe is built by people who care about the ecosystem.

Mariusz Koziel

Founder of Ruby Europe and the driving force behind the vision of a strong European Ruby ecosystem.

Paweł Strzałkowski

Founding Supporter helping turn the vision into practical structure and long-term momentum.

Hans Schnedlitz

Community builder expanding the network by connecting local groups and engaging organizers.

Dawid Cekiera

Growth Lead helping the community grow through content, storytelling, and outreach.

THE TWO PILLARS OF OUR WORK.

COMMUNITY

Community is at the heart of Ruby Europe.

We connect meetups, organizers, and speakers across Europe, helping ideas, experience, and people move freely between local groups.

By strengthening these connections, we support existing communities and help them grow together.

EDUCATION

Learning. Mentoring. Growing Ruby.

Through initiatives like Ruby Europe Academy, online courses, and mentoring, we help new developers join the community and make Ruby more accessible.

By nurturing skills and knowledge, we strengthen communities and contribute to the long-term growth of Ruby in Europe.

How joining works? →

HOW JOINING WORKS?

Every meetup has its own story.

Joining Ruby Europe does not change that story. It simply helps it reach further across Europe.

Your community gains connection, support, and visibility across Europe. Together we amplify what already works.

Joining is simple.

REACH OUT

Let's talk about your meetup or initiative.

CONNECT

We connect you with the network and explore how to support.

GROW

Your meetup becomes part of the European network.

Your event keeps its name, brand, and identity.

Ruby Europe appears:

- as a "Part of Ruby Europe" or "Part of Ruby Europe Family" badge on event materials.
- as a "Community Partner" or "Supporting Partner".

Local roots. European reach.

What you get in practice? →

WE INVITE YOU TO BELONG. AND TO BUILD THE FUTURE.

Ruby Europe grows by strengthening local communities.

If you organize a Ruby meetup or conference, or are thinking about starting one, we invite you to become part of the Ruby Europe network and grow together with the Ruby community across Europe.

Ruby Europe is more than an organization.

It is a shared space to connect, contribute, and build together.

If you care about Ruby.

If you organize, speak, mentor, or want to learn.

If you believe European Ruby community can be stronger.

You already belong here. Join us.

Let's shape the future of Ruby in Europe. **Together.**

You're just two clicks away from making it happen. →
